Institute for Geoinformatics
University of Münster

Two scholarships for international students MSc in Geoinformatics at ifgi October 2016 – September 2018

The Institute for Geoinformatics (ifgi), University of Münster, Germany, is one of the world-wide leading institutions in geospatial information science (GI Science) research (<http://www.uni-muenster.de/Geoinformatics/>). The MSc in Geoinformatics will enable students to further develop their problem solving skills, to acquire analytic capabilities, and to learn about innovative and creative scientific research methods. ifgi also offers Master students the opportunity to get personally involved in cutting-edge research projects. The medium of instruction is English.

ifgi provides two four-semester scholarship (October 1, 2016 – September 30, 2018) to two international students (non-German nationality, not having lived in Germany within the past 3 years before the application deadline, not having obtained a degree in Germany). Applicants need to hold a Bachelor degree in Geoinformatics or a similar topic. As for course contents, requirements, and application procedures, please see http://www.uni-muenster.de/Geoinformatics/en/Studies/study_programs/master/.

The ifgi scholarship includes

- A monthly scholarship lump sum of 700 € per month (October 1, 2016 - September 30, 2018)
- Coverage of semester fees for four semesters
- Travel costs to Germany (1 return ticket), up to 1.200 € according to actual and documented costs
- Pre-arrival and after-arrival support by ifgi

Applications (by EU and non-EU applicants) are requested by **May 31st, 2016**.

Study program coordinator: Prof. Dr. Edzer Pebesma, edzer.pebesma@uni-muenster.de
